CARNOISSEUR

MAIL ORDER AND
SPECIALIST SHOPS

Dear Enthusiast,

Welcome to our 1995/6 catalogue, packed full of the excellent value, top quality products all Carnoisseur customers have come to expect.

This year we have introduced even more features to make shopping with us a simple but exciting procedure:

- ★ Many new product lines, including the latest in alloy wheels; steering wheels; audio etc.
- ★ New credit facilities for shop customers wishing to spread their payments over several months.
- ★ More telephone lines and computer systems for speedier transactions for our mail order customers in particular.

Buying quality car accessory products has never been easier – just pick up the phone and call our 24 hour mail order service or, if you prefer a more personalised service, visit one of our established retail branches:

Dunstable, Oxford, Bedford, Sheffield, Leeds or new in 1995 branches in Ballymena, Kildare, London, Edinburgh and Leicester "Carnoisseur – run by enthusiasts for enthusiasts". We all look forward to hearing from you.

- 1 Cheque (please do not send cash through the post). Please make payable to **Carnoisneur**.
- 2 Postal Order.
- 3 Credit Card. We accept the following credit cards: Visa, Access, American Express, Diners Club and Switch.
- 4 Countdown Card holders welcome.
- 5 Credit facilities now available.*
Written quotation available on request.
*Shop customers only. **TRANSAX**.

CATALOGUE PRICES

Please note that our prices include VAT @ 17½%. All prices in this catalogue are correct at time of going to press and our priority is to negotiate with our suppliers to keep prices constant for as long as possible; however, price adjustments may have to be made and therefore we reserve the right to alter prices without prior notice.

CARNOSSEUR SERVICES

Customer Advisory Service: Enquiries can be answered and product information be supplied by telephoning DUNSTABLE (01582) 471700. Also a 24 hour answering service will accept your message any hour of the day or night and your enquiry will receive our prompt attention.

EXPORT

We welcome export enquiries. See p163 for details.

TRADE DESCRIPTIONS

Every care has been taken to ensure description and specifications are correct at time of going to press. We must, however, reserve the right to alter prices and specifications without notice as circumstances dictate. Although the colour printing in this catalogue is a good representation, slight variations must be expected. All products are offered subject to availability.

CONFIDENTIALITY

Please remember that we do not supply your name and address to any other company, so you will not receive unsolicited mail as a result of ordering from Carnoisneur.

MINILITE WHEELS — THE ORIGINAL MINILITE ALLOY WHEELS

To many motoring enthusiasts throughout the World, the '60s and '70s were the Golden Age of motoring. At the heart of all the racing and rally successes was another legendary name — Minilite, the wheel of the period, whose success was in the strength, reliability and lightness of its wheels. Minilite has returned to the motoring world and the original Minilite wheel is once again available for motoring enthusiasts of the '90s.

1 WHEEL CLEAN DISCS

The only answer to keep wheel dust off your wheels. They can actually prolong the life of alloy road wheels.

- Easy to fit.
- Will not cause overheating or affect brake performance. Suitable for most makes of alloy and steel wheels.
- Approved to German T.U.V. standards for BMW, Ford, V.W., Mercedes etc.

Wheel Clean Discs (pair)
142 1653 OUR PRICE **£24.95**

Please specify car make, model, year and wheel make and size when ordering.

2 LOCKING WHEEL NUTS AND BOLTS TRILOCKS

Carflow Trilocks have been carefully designed to provide security for your valuable wheels and tyres, whilst being safe and practical to use.

- Suitable for alloy and steel wheels.
- Fitted in minutes – just replace one nut/bolt per wheel.
- Approved and used by major vehicle manufacturers.
- Lightweight design – no need to rebalance your wheels.
- Corrosion free.
- Over 250 different key combinations.
- Wide range available for virtually all cars.

Trilock Nuts (set of 4)
143 1654 OUR PRICE **£19.95**

Trilock Bolts (set of 4)
143 1655 OUR PRICE **£19.95**

Please specify car make, model, year and whether for alloy or steel wheels when ordering.

3 WHEEL SPACERS

Universal Wheel Spacers. Pack contains 2 universal high pressure cast spacers. Accurately machined to be dimensionally correct and totally parallel. Fits most vehicles.

3mm x 4 Bolt (pair)
144 1656 OUR PRICE **£17.50**

3mm x 5 Bolt (pair)
144 1657 OUR PRICE **£17.50**

YOKOHAMA

1 YOKOHAMA AVS. ADVANCED VEHICLE SYSTEM

Yokohama invite you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System - AVS. AVS was born between the circuit and the street, in a world where speeds beyond 300kph (186mph) are 'ordinary'. AVS tyres aren't just improved street tyres, they are racebred, professional-quality radials specifically designed to bring the performance of the circuit to the street. At last there's a quiet, comfortable tyre that delivers ultra-high performance. That's the AVS design philosophy. At last there's a quiet, comfortable tyre that delivers ultra-high performance.

2 YOKOHAMA A008. ULTRA-HIGH PERFORMANCE ROAD & COMPETITION TYRE

Many radials perform well, but not many can perform as long and hard as the A008. Its tough, steel belted radial construction provides powerful tread support for stable cornering and braking at high speeds. Full nylon belt covers prevent belt rise, and rigid bead fillers ensure crisper handling and lightning-quick steering response. The extraordinary performance radial.

3 YOKOHAMA A510. HIGH-PERFORMANCE ROAD TYRE - THE LATEST FROM YOKOHAMA

A unique tread pattern and profile for an entirely new kind of high performance tyre developed from Yokohama's advanced technology and racing spirit in the global motorsport arena. Now one tyre receives the full benefit - the Yokohama A510. With the MGP tread pattern that raises performance in the wet with no sacrifice of massive grip in the dry. With four-in-one blocks that dramatically improve cornering performance. And other features, like the FT-410 tread compound that predictably delivers high grip under varying conditions, yet wears tough for a long tread life. It's no ordinary tyre. It's tuned to perform at truly world class levels - it's the innovator.

4 YOKOHAMA A509. HIGH-PERFORMANCE ROAD & COMPETITION TYRE

Race circuit proven to deliver the most advanced high performance radials. Realise your driving potential on Yokohama's A509. Superb high-speed stability, crisp steering response and cornering power designed from the circuit. Redefined for the street. A series cultivated for the driving experience.

5 A022 O.E. FITMENTS

The A022 series of ultra-high performance radials. Specifically developed as original equipment for such high performance vehicles as the Honda NSX and the Toyota MR2.

KYB

1 KYB GAS SHOCK ABSORBERS

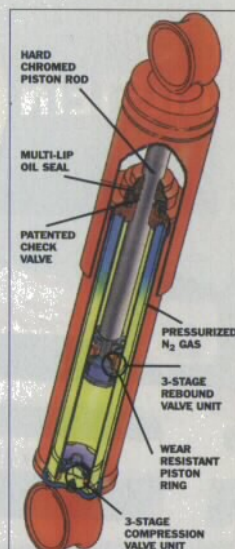

Kayaba is one of the world's largest shock absorber manufacturers supplying original equipment as well as replacement shock absorbers. Through the continuous and intensive test programmes on various European roads they have built up a full range of top quality replacement shock absorbers for European and Japanese cars.

These gas shock absorbers combine extremely good value for money with excellent quality.

KYB Gas gives a satin-smooth ride plus the better response only gas shocks can deliver.

Patented valving plus pressurized Nitrogen gas account for riding comfort and at the same time, dramatically reduce the aeration or foaming that commonly occur in conventional shocks and cause performance to start fading, even after only a few minutes in operation. Preferable for the customers who want to feel the difference.

Bilstein performance offers added safety off the road – and more comfort on it.

Because of car model changes and variations above prices are a guide only, please ring with full car details for quotation.

The Champions choice • available for your car!

EIBACH LOWERING SPRINGS

Eibach built an enviable reputation for supplying very high quality springs to many of the world's leading motorsport teams.

We offer Eibach 'Pro Kits' – progressive rate lowered springs for road use. See table for applications and prices.

Eibach offer a large range of springs. If your vehicle is not listed, please enquire. The springs lower the car between 30-40mm (depending on the type of vehicle).

(Supplied in sets of 4 except where indicated.)

from £95.34

**THE UK
PERFORMANCE
SHOCK ABSORBER**

HIGH PERFORMANCE SUSPENSION

GAS ADJUSTABLE

ADJUSTABLE SHOCK ABSORBERS

A range of adjustable telescopic gas shock absorbers which are interchangeable with the original equipment dampers. The shock absorbers feature a 14 position, instantly adjustable, self-locking mechanism. Available for a full range of marques, such as Caterham, Lotus, Ginetta, TVR, Jaguar, Porsche as well as present day vehicles.

NEW

**MANY FITMENTS SPECIFICALLY
DESIGNED FOR USE WITH
LOWERING SPRINGS**

TOP ADJUSTABLE

TOP ADJUSTABLE STRUTS & INSERTS

- Rapid simple adjustability enables transformation of your car's handling in seconds
- 10 position positive click adjustment clearly defines the chosen ride handling setting
- Engineered to compliment Spax adjustable shock absorbers and Spax sportsprings
- Extensive product development by engineers accustomed to the exacting demands of Motorsport
- Big knob supplied for ease of adjustment

PAKSPAX

- 4 Shock Absorbers
- 4 Sportsprings
- Wide range of settings
- Easy on car adjustment
- Lowers car 25mm approx
- All-in-one set of high quality Spax adjustable shock absorbers and Spax lowering springs
- Most kits contain Spax Top Adjustable units
- Everything you need to transform the ride and handling of your car
- Perfectly matched components developed and tested by Spax motorsport engineers
- Application for most popular cars
- If your car is not listed please ask

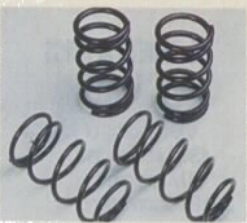

SPORTKIT

- Gives sport appearance
- Improves handling
- Lowers car 25mm approx
- Quality engineered set of Spax Sportsprings and De Carbon monotube gas pressurised shock absorbers
- Everything you need to transform the ride and handling of your car
- Perfectly matched components developed and tested by Spax motorsport engineers
- Kit may be upgraded at a later date with Spax adjustable shock absorbers
- 2 years unlimited mileage warranty
- Applications for most popular cars

SPORTSPRING

Spax High Performance top quality lowering/uprated coil springs supplied as a car set are available to suit most vehicles, designed by motorsport engineers to give your car that sporty appearance, lowers the ride and improves the handling. Most kits are T.U.V. Approved, hardened and tempered to specific requirements, shot peened to increase life stress. Relieved in an infra-red oven then coated with an epoxy polyester powder.

ANSA TURBOCHROMES

Universal, non silenced, extremely high-quality tail pipes. These are available in a variety of diameters and lengths as indicated. They are not car specific, but will fit most vehicles. Supplied as shown without fixings. Diameters quoted are for inlet side of turbochrome.

JETEX EXHAUST SYSTEMS TECHNOLOGY, QUALITY, PERFORMANCE, WITH A SOUND THAT CALLS THE TUNE

JETEX SYSTEMS AT A GLANCE:

- Swedish high-quality steel.
- Reduction in back pressure – up to 82% for some applications.
- Professional design.
- Pleasant exhaust note.
- Improved output compared with standard systems.
- Easy to assemble.
- Complete systems (unless original front pipe is indicated) with fitting kits.
- 12 months guarantee.
- Every Jetex system is boxed.

Jetex have introduced a range of performance exhausts which meet the EEC type approvals. Designs include an engineered front pipe to increase torque in the low and mid-range (no need to change the manifold) and for cars with catalyst converters Jetex have suitable exhausts available.

Jetex Exhaust Systems are manufactured in Sweden. Production takes place in a new purpose built factory.

With Jetex Exhaust Systems the engineers have concentrated on solving a number of technical problems. A thorough programme of testing performance, fuel economy, noise and exhaust levels as well as back pressure (to name a few) have provided answers which give advantages in all of these areas, combined with durability and purpose-designed packaging.

GENERAL

Two basic methods can be used to dampen exhaust noise – absorption damping and reflection damping. The reflection method is cheaper as a rule, and technically easier to construct, but it has side effects, among them high back pressure which reduces power output and frequently increases fuel consumption.

Absorption damping, however, while being technically more complicated to manufacture, has the advantage that the exhaust gases are removed efficiently so that neither performance nor fuel consumption are affected. Jetex Systems are of the absorption type.

PERFORMANCE

Performance testing is carried out using computerised chassis dynamometers theories to be examined before deciding on the final design. Other important factors taken into consideration are back pressure, carbon monoxide levels, inlet manifold temperature and fuel consumption.

NOISE LEVELS

It is a common misconception that sport systems automatically mean more noise. With Jetex designs the noise levels are always below the legal maximum, and comply with the officially approved noise levels for motor vehicles.

ANSA

THE ITALIAN STYLE OF PERFORMANCE

Unleash the hidden performance of your car's engine with ANSA... the higher

performance exhaust system. Engineered to maximise torque and power. Designed to provide remarkable bolt-on performance, faster acceleration, great looks and the unmistakable ANSA sound of power.

Installing an ANSA Free Flow exhaust system will almost certainly give you the best performance increase for the smallest investment.

ANSA are original equipment suppliers of exhausts to all the great Italian Marqueses, and it is

this experience that they have brought to bear on the sports systems listed below to give power improvements of up to 14% plus.

Recent independent tests by magazines in the U.K. of the Golf, Fiesta, Uno Turbo etc. have

all borne out the claims made and tested by ANSA themselves.

Quality is maintained by using only the best aluminised steel 16-18 gauge. Computerised design methods ensure a trouble free fit. 18 month guarantee.

SUPERSPRINT EXHAUSTS

Supersprint Exhausts are designed and tested to ensure a maximum gain of torque and power over the greatest range of speeds.

The Supersprint sound which is truly satisfying has been retained by using heavy duty aluminised steel casings but with stainless steel internally and pipes giving the long life the discerning user demands.

Supersprint exhausts are fully certified E.E.C. Homologated and are 'Street Legal'.

Supersprint have developed a large number of tailpipe designs to suit each car's particular needs.

You will not fail to be impressed by the quality and finish of this product.

A WRITTEN GUARANTEE FOR TWO YEARS

Innards and pipes of stainless steel and casing of heavy duty aluminised steel giving exciting sound combined with long life.

MICRODYNAMICS

A unique range of solid state instruments.

1 DIGI-TACH

A digital tachometer which displays rpm to an accuracy of ± 100 rpm. The maximum reading 9,900 rpm (with 10,000 displayed as 0.1).

This unit is suitable for use with any engine and is switchable between 4, 6 and 8 cylinders. The display can be made to dim at night by connection to the vehicle's lighting circuit.

Supplied with all necessary fixing brackets, wires and connectors. For use on 12V negative earth only.

249 6081 OUR PRICE **£149.95**

2 RL5 - SMOOTHCUT REV LIMITER

A dash controlled rev limiter, suitable for all 4, 6, and 8 cylinder engines. Easily set up at half required engine speed with a 20 turn screwdriver adjustment.

Will cover 4,000 rpm to 14,000 rpm on 4 cylinder engines, up to 7,000 rpm on 8 cylinder.

Obviously can be used on its own but is also ideal for use in conjunction with the shift-light 12V negative earth only.

249 6082 OUR PRICE **£94.50**

3 SHIFT-LIGHT - GEAR SHIFT INDICATOR

The MicroDynamics shift light is a very accurate instrument that is easy to set up, using the built-in 'half-range switch'.

The built-in ultra bright lamp comes on as the missing revs pass through the set point. An external lamp or buzzer can also be driven if required. 12V negative earth only.

249 6083 OUR PRICE **£94.50**

4 RDS - SMOOTHCUT REV LIMITER

MicroDynamics SmoothCut engine rev limiter controls an engine's maximum rpm by limiting engine power through the control of its ignition system.

The compact and easily fitted unit is installed alongside the vehicle's ignition coil and will electronically regulate the maximum rpm of the engine to a safe cost effective limit.

A SmoothCut rev limiter gives complete protection yet still allows full power to be attained right up to the pre-set rpm limit. Each unit is fully adjustable and compatible with most makes of electronic ignition. Suitable for 4 cylinder vehicles. Adjustable from 3,500 to 7,000 rpm.

249 6084 OUR PRICE **£79.95**

5 MINTEX HIGH-PERFORMANCE BRAKE PADS AND DISCS

For over ten years Mintex M171 and M200 was the definitive standard for high performance friction materials

Now Mintex has met the challenges demanded of them through to the next generation by introducing M1144 and M1155 non asbestos brake pads.

- Increased braking performance
- High levels of friction
- High temperature capability
- Greater stability
- Greater fade resistance
- Reduced bedding requirement
- Lower wear rates on pad and disc
- Environmentally friendly
- Improved safety

M1144

Ideally suited for fast road or track, club racing and single seater events.

Demonstrates exceptionally high friction stability up to 400°C.

M1155

A unique formulation enabling use at temperatures up to 700°C with the added benefit of first time braking with no bedding in requirement.

M1144 Pads (set).

170 6086 from **£32.55**

M1155 Pads (set).

170 6087 from **£51.90**

6 MINTEX DISC BRAKE KITS

- Reduce fade
- Remove debris
- Increase thermal efficiency
- Increase braking performance
- Balanced dynamically for improved straight line braking
- Each kit contains 4 pads, 2 discs, clips and pins.

6 SLIDING BONNET PIN KIT

Available in Stainless Steel or Blue Alloy, Red Alloy & Gold Alloy.

187 6100 (pair) OUR PRICE **£11.99**

7 BONNET SCOOP

Black grain. 9" x 7" G.R.P.

313 6101 (each) OUR PRICE **£7.95**

8 CABLE-TIES

Black. 15" (pack of 10).

298 6102 OUR PRICE **£2.50**

Rubber-Lined 'P' clips, for securing pipes, cables, groups of cables and hoses (packs of 10).

298 6103 OUR PRICE from **£4.50**

Hose clips. Various sizes (pair).

298 6104 OUR PRICE from **£1.05**

9 4 INCH BIG-BORE TAILPIPE

Converts your 2" pipe to 4" pipe.

157 6105 OUR PRICE **£34.50**

PECO EXHAUSTS

1 PECO BIG BORE 1

A range of low cost rear boxes for the cost conscious enthusiast. Finished in black hammer paint all silencers are fitted with stainless steel tailpipes and carry a 12 month unlimited mileage warranty. (Tailpipe 3 inch diameter.)

2 PECO BIG BORE 2

High performance, direct replacement exhaust parts, designed to meet the performance and acoustic requirements of the 90s. Large 3 inch polished stainless steel tail sections act as secondary silencers and are complimented by stainless internals and a green hammer paint finish to ensure long service life. Available with twin pipes for certain vehicles (see application list opposite). The unlimited mileage warranty is for 15 months.

3 PECO BIG BORE 4

The latest range of rear silencers for the true enthusiast. Extra large 4 inch stainless steel tailpipe gives the silencer an aggressive look. 12 month unlimited mileage warranty. (See application list opposite for your vehicle.)

1 COMP AIR FILTERS

British made high performance air filters for most cars. Renowned for their mirror-like chrome finish, they are more compact than standard filters and provide greater access to the engine bay. Fitted with a fire-retardant washable foam element to achieve a much improved air flow.

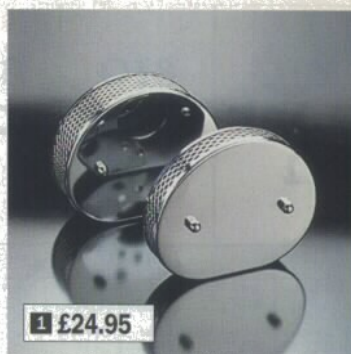

Supplied specifically for your carburettor in either round, D-shape or rectangular shape.

Please state make, model and year of vehicle when ordering. The filter supplied will generally be the largest possible to fit the available space.

7 WEBER PERFORMANCE:

Direct Replacement Carburettors

This wide range of direct replacement carburettors has been developed to cover a selection of makes and models (listed in the adjacent table) where original carburettors may have proved troublesome or are expensive to replace. They are complete kits with detailed fitting instructions suitable for D.I.Y. or professional fitting. All have manual choke operation unless otherwise stated and all represent excellent value for money. Only suitable for vehicles with manual transmission.

WEBER

1 RESPONSE AIR FILTER ELEMENTS

The new 'Response' range of air filters and induction kits have been introduced to complement the Jetex exhaust system range.

Jetex Response systems come pre-oiled and ready to fit. Once fitted they should last the life of the car. They just need cleaning and re-oiling at usual service intervals.

They offer superior dust filtration and around 40% better airflow than a standard paper filter. This of course translates into more power and better performance. Fitting is a simple bolt-on affair, with everything required for the installation included in the kit. On diesel and turbo-diesel

engines no adjustment is required. For petrol engines we recommend having the CO levels adjusted at your local MOT garage after an initial 30 miles run-in period.

Jetex Response Air Filters are available for almost all popular makes and models.

Please state make, model and year when ordering.

2 AIR INDUCTION KITS

On a great many modern cars the route taken by air entering the engine is quite tortuous. From the duct behind the main grill it is piped around numerous bends, required to avoid engine bay obstructions, to the airflow meter

and ultimately the throttle body. Each bend creates a restriction which slows the airflow and reduces power.

Jetex air induction kits are designed to replace the original pipe work and simplify the route taken by the air charge. Kits are

specific to each make and model, but generally consist of a Response air filter, air flow meter connection and all pipework and fittings required to complete the installation.

XXTRALUBE ZX1

1 OIL AND GREASE

- A Revolution in Low Friction Technology!
- Does not contain PTFE.
- Race Proven Power Gain, Extended Engine and Gearbox Life, Up to 9% Fuel Savings.
- Virtually eliminates Friction and Wear.
- Just add 5% Xtralube ZX1 to your oil!
- Xtralube ZX1 has been tested up to the limits of Industrial Lubrication and Wear Tests and is extensively used and promoted throughout motorsport around the World.
- Xtralube ZX1 is now available to the general public.

Xtralube ZX1 will:-

- Increase engine & gearbox life.
 - Improve fuel economy up to 9%.
 - Reduce exhaust emissions.
 - Give superb high temperature and turbo protection.
 - Impregnate and remain on the wearing surface.
 - Reduce vibration.
 - Pay for itself in fuel savings.
 - Last for 25,000 miles.
 - Treat all petrol & diesel engines.
- Completely universal with all oils. New British Micro-Oil Technology.

TAR•OX BRAKING POWER

- High Performance Brake Disc/Pads
- 12/40 Grooves/Cross Drilled
- Magnesium Alloy Race Calipers
- Maxi Grip Brake Drums
- For Road, Rally or Race
- Direct replacement Discs for most European Models.

TAR•OX DISCS, DRUMS AND PADS

Available in 12 groove for fast road use and 40 groove for highly modified road cars and race use, they offer improved brake fade characteristics through:

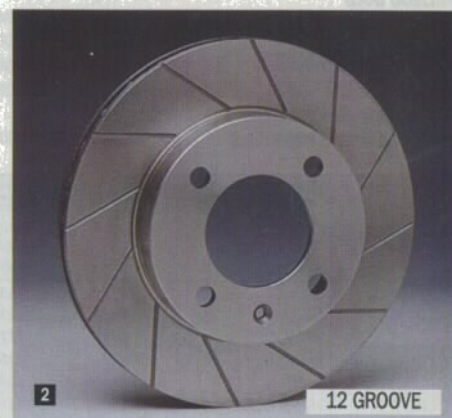

- Automatic pad de-glazing
- Higher braking temperature range
- Tighter machine tolerances.

Improved grip is also achieved through the use of a high grade and slightly softer disc material. Available for a wide range of applications in both front and rear discs and drums with the pads available in both front and rear discs and drums with the pads available in heavy duty road compounds. Only the most popular applications are listed so please contact for details of those not shown.

5 BRAKE CLEANER

Hycote Brake Cleaner provides speedy and effective removal of dirt, grease, brake fluid, brake and clutch lining dust from clutches, brake drums, shoes, discs and callipers.

400ml
171 1239 OUR PRICE £4.95

6 AUTOMEC SILICONE DOT 5 BRAKE 7 CLUTCH FLUID THE ULTIMATE IN BRAKE FLUID TECHNOLOGY

Developed and tested rigorously over many years. Automec's Silicone Brake Fluid complies fully with FMVSS 116, ISO 4925 and the latest D.O.T.5 specifications.

UNIQUE PROPERTIES

Non-Hygroscopic: unlike conventional fluids (which ideally should be changed each year) Automec's Silicon Brake Fluid does not attract or absorb water vapour. This eliminates brake component corrosion and loss of braking efficiency through vapour lock.

Non Corrosive: does not harm paintwork nor does it have any harmful or corrosive effect on rubber seals, plastics or metals in the braking system.

Complete with tie on tag which can be secured to fluid reservoir to guard against the accidental topping up with the wrong fluid.

BREMBO GOLD

HIGH PERFORMANCE BRAKE DISCS

Brembo Gold Service. Cross drilled and slotted brake discs

for most performance vehicles.

Manufactured to exacting European specifications, these discs improve the braking response and fade resistance on all fitments.

- The optimum number of

grooves create minimum hot spots, while at the same time de-glazing the pads and allowing rapid gas expulsion.

- Drilled holes for extra cooling.
- All prices are for a single disc, however only supplied in pairs.

FOUR HEADLAMP GRILLES

FITS PERFECTLY - EASILY AND QUICKLY MOUNTED

All Taifun four-headlamp grilles come complete with lamps, cable set and, where necessary, with relay and bulbs. Detailed illustrated fixing instructions are provided.

HEADLAMP LEVELLING

The easy-to-use 3-position headlamp leveller keeps the beam steady even when the car is heavily loaded. This stops oncoming drivers being dazzled.

SUPERB DIPPED AND MAIN-BEAM LIGHT FOR YOUR SAFETY

Taifun four-headlamp grilles come with the latest lighting technology for better vision, on both main and dipped beam.

The high-quality, black plastic grilles are easily painted to match your car. Detailed painting instructions are provided.

SplitFire®

THE PATENTED PERFORMANCE SPARK PLUG

A major breakthrough in spark plug technology.

SplitFire Spark Plug's patented design clearly distinguishes it from other plugs.

SplitFire's open split on the ground electrode better exposes the spark to the incoming air/fuel mixture even if the spark occurs on the backside of the electrode. Further, the resulting flame kernel is not blocked by the ground electrode as in other plugs.

The flame kernel not only travels sideways, but can also travel upwards through the v-notch into the combustion chamber.

This allows for a larger and quicker flame development.

Experts say the result is improved combustion of the air/fuel mixture as seen in better power, mileage and reduced emissions.

£5.85
each plus VAT

IT ONLY COSTS MORE
UNTIL YOU USE IT!™

- **MORE POWER**
- **MORE MILEAGE**
- **LOWER EMISSIONS**

MAX
POWER

"Imagine our surprise when we saw immediate gains of 8 bhp!

Ever sceptical we figured the engine was cooler than the final power run on the stock version and conducted a couple more runs before going for a final figure. But the power had stayed."

CARS
and CAR CONVERSIONS

"SplitFire do indeed give a better burn. This should lead to improved economy and lower emissions, as claimed. SplitFire deserve a CCC thumbs up."

JOHN BRAZIER -
RAC Rally Driver/Mintex National Rally Champion (NI)
"When performance matters, SplitFire delivers."

WAELO

COOL BOXES

T.U.V. Approved, German manufactured, cool boxes.

THE TROPICOL CLASSIC RANGE

Superb design outside, lots of space inside!

Technically even better, optically perfect, the latest generation of the well-known TROPICOL family comprises three elegant cool boxes. New members are the charming 7 litre box with shoulder strap and the 28 litre model which can be used both as a box or as a refrigerator.

1 TROPICOL CLASSIC

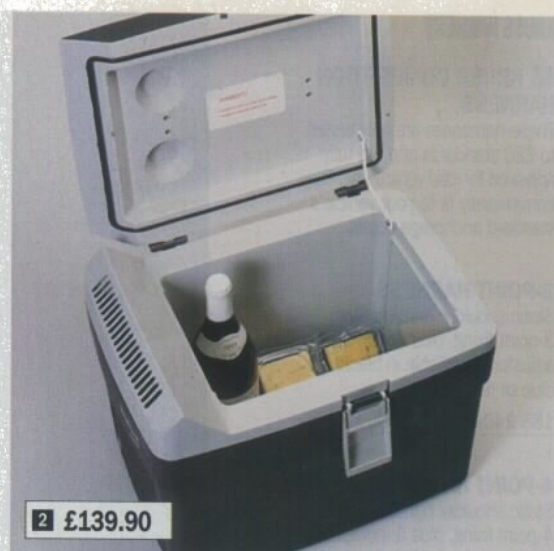

TC-07

Exterior dimensions: width 330mm, height 278mm, depth 190mm. 12V. Capacity 7 litres. Weight 2.8kg. Inside temperature limited by automatic thermostats +5°C for cooling and +65°C for heating. Full polyurethane-foam insulation. Power input approx. 36W. System: non-wearing thermoelectrics (Peltier system), cold and heat transmission inside throughout coated aluminium container, heat dissipation outside by fan.

278 5653 OUR PRICE **£119.90**

1 **£119.90**

2 **£139.90**

3 **£199.90**

4

2 TROPICOL CLASSIC

TC-15

Exterior dimensions: width 412mm, height 343mm, depth 290mm. 12V. Capacity 15 litres. Weight 5.1kg. Standing height for 0.7 litre bottles. Power input approx. 36W. System: Cold and heat transmission inside through angular coated aluminium plate; other details as for TC-07.

278 5654 OUR PRICE **£139.90**

5 **£6.99**

7 **£5.99**

9 FILTER KING

The well known fuel saver from Malpassi. Tests and trials as well as many satisfied customers claim savings of 10%-15%. The Filter King regulates the pressure of fuel delivered by the car's petrol pump to help maintain a steadier float level in the carburettor thus preventing expensive fuel surges and flooding. Its effective filter acts as an extra benefit to trap any dirt or water which may contaminate the petrol supply.

The Filter King is fitted as standard by Alfa Romeo and Maserati.

Hundreds of thousands sold worldwide already. The relentless increase in the cost of motoring means that any aid to fuel economy must be considered an essential fitment. Not suitable for cars with fuel injection.

(large)

1 HOT JET

Banish dirty, greasy, frozen windscreens and washer pipes with the Hot Jet.

- So easy to install.
- Cleans with hot water.
- Safer clearer vision.
- Works when other systems freeze.
- Clears grease, film, insects, mud.
- Ideal summer/winter.
- No moving parts to go wrong.

No matter what vehicle you drive a clear windscreen is a must, not only for your own safety but others. The fact that hot water cleans better than cold is only one of the many reasons for fitting the Hot Jet now. So simple to fit, all you need is a pair of scissors to snip the small plastic supply pipe to your washer jets and connect the Hot Jet. Its special red heat exchanger is held to the upper radiator hose of any water cooled car with the universal clips supplied. As soon as your engine begins to warm the transferred heat is busy de-frosting the washer pipes and it can then de-ice your windscreen without the need for expensive de-icing chemicals thus saving you £££s. The Hot Jet will break down grease and grime and give you a clear windscreen in summer and winter. Complete universal kit with full instructions for any water cooled car.

291 1036 OUR PRICE £9.95

2 TWINS

Twin Windscreen wipers

- Unobtrusive aerodynamic design for efficiency and maximum screen contact.
- Greater pressure applied to windscreen at faster speeds.
- Special design moulds blades to shape of screen.
- First wiper sweeps away water, second blade clears traffic film.
- Universal fittings in every pack. Easy to fit to almost any car.
- Improved visibility in heavy rain/road spray conditions.
- Greatly reduced screen smearing.
- Available in black.
- Supplied in pairs. 16", 18" and 20".

173 1037 (pair)

OUR PRICE £19.95

Please state make, model and year of car when ordering plus colour required.

3 CERAMIC MUG

Ceramic mug with gilt edge band. Choice of following vehicles: Sierra RS, Escort XR, Fiesta XR, RS Turbo, Peugeot GTi, Mexico (Capri not available), Golf GTi, Astra GTE.

205 4206 OUR PRICE £3.95

4 BEAM BENDERS

Beam Benders are universal headlamp converters for continental driving. One size fits most vehicles. Unlike other products, Beam Benders do not block out light, they simply re-direct it at the correct angle.

They are optically designed contact lenses which cover the area on the headlamps from which the dipped beam emerges. Beam Benders are self-adhesive and simply stick onto the headlamp glass without the need for cutting or trimming. No technical knowledge is required and they can be fitted in seconds. Being only 1mm thick, they will not impede the use of headlamp wash/wipe systems.

(Right Hand Drive) Amber
268 2874 OUR PRICE £7.95

(Right Hand Drive) Clear
268 2875 OUR PRICE £7.95

1 "PARKBOY" ELECTRONIC REVERSING ALARM

Park Boy is an electronic reversing alarm system which switches itself on automatically when the car is put into reverse gear and, via a small control unit on the dashboard, tells the driver when to stop to avoid bumping.

The kit consists of the control unit, material for mounting, set of cables (main cable 8m, sensor cable 1.4m) and two sensors which are attached under the rear bumper.

BOSCH WIPER RANGE

8 BOSCH SPOILERWIPER BLADES

The new wiper blade in aerodynamic form from Bosch. Bosch Spoiler – wind tunnel developed and tested.

Bosch Spoiler – clear vision even in the strongest of headwinds.

The aerodynamically shaped 'spoiler' is mounted on the wiper blade frame ensuring the best visibility possible even in the most extreme conditions. As air currents and headwinds increase, the spoiler automatically increases the pressure of the blade on the windscreen, combined with the renowned Bosch Micro-Double Edge, the result is optimum down force at all speeds which means no lift-off, no flutter, and smear free clear vision, no matter how strong the headwind.

Available for ALFA-ROMEO, AUDI, BMW, FIAT, FORD, HONDA, LEYLAND, MAZDA, NISSAN, OPEL, PEUGEOT, PORSCHE, VAUXHALL, VOLKSWAGEN and VOLVO. Please state make, model and year of car when ordering.

9 BOSCH 'TOP' WIPER BLADES

A wiper blade should remain in full contact with the windscreen at all times to ensure perfect vision and safety.

9 from £10.00

To meet these requirements Bosch, Europe's largest wiper blade manufacturer, designed a technically superior Wiper Blade. Instead of a single edge, Bosch blades have a unique micro double edge with a contact width of only 10/1000 mm. This design, subjected to 30 different tests, ensures that Bosch wiper blades work equally as well coping with a fine drizzle or a torrential downpour.

SIGNAM

1 2 3 LIGHTGUARDS BY SMOOTHY – ADDED SECURITY AND STYLE

Smoothy Lightguards are moulded acrylic covers that not only protect your headlamps from damage – and the expense and inconvenience that follows – but actually improve the appearance of your car.

FOR THE COST-CONSCIOUS MOTORIST

Not only is the cost of replacing broken headlamps high but there are fitting charges and the inconvenience of being off the road to.

- Specially designed clips for lens security and easy removal for cleaning.
- High-strength acrylic foam self-adhesive pads for trouble-free fixing.
- Lenses contoured to suit individual models and manufactured from impact-modified high-grade acrylic supplied by Europe's leading manufacturer.
- Fixing clip ultrasonically welded to lens.

Replacement adhesive clips. Pack of 5 with cleaning sachet and fitting instructions.

17 DIESEL TACHOMETER (74mm)

This 6000r.p.m. Tachometer is manufactured by Motometer in Germany specifically for diesel vehicles. It connects to the W Alternator terminal. Can be mounted above or below the dash. Adjustable red indicators for max torque and revs. Diameter 74mm.

249 5584 OUR PRICE **£69.95**

Petrol version (to 8,000 revs) (4 & 6 cyl.).

249 5585 OUR PRICE **£69.95**

18 TACHOMETER

Can be mounted at virtually any angle. Electronic tachometer using the latest solid state technology indicates engine rpm 0.800 in analogue form.

Adjustable pointer to set at maximum safe or economic revs. Suitable for most 4 to 6 cylinder petrol engines with conventional or electronic ignition. Diameter 80mm.

249 1175 OUR PRICE **£31.95**

19 TACHOMETER

Readout indicating rpm 0-8000. Adjustable pointer for maximum safe or economic engine speed. Suitable for most 4, 6, 8 cylinder and rotary petrol engines with conventional or electronic ignition. 52mm.

249 1168 OUR PRICE **£26.95**

20 QUARTZ CAR CLOCK

Quartz movement gives accurate timekeeping to within 1 second per day. Very low current consumption. 52mm.

249 1171 OUR PRICE **£32.95**

21 VACUUM GAUGE

Complete with approximately 1.83 metres (6 ft) of vacuum tube and 1/4" BSF manifold adaptor. The pointer indicates maximum power, economy, idle and overrun conditions of the engine. Universal polarity 52mm.

249 1173 OUR PRICE **£13.95**

22 TURBO BOOST GAUGE

Complete with vacuum tubing, fittings and instructions. Suitable for most vehicles except diesels. 52mm.

249 1174 OUR PRICE **£18.95**

23 OIL PRESSURE GAUGE

Complete with approximately 1.83 metres (6ft) of copper pipeline, 1/8" BSP 'T' piece and fittings. Universal polarity. 52mm.

249 1166 OUR PRICE **£13.95**

17 **£69.95**

18 **£31.95**

19 **£26.95**

24 ELECTRIC OIL PRESSURE GAUGE

Complete with separate engine transmitter to sense the oil pressure and relay reading via electric wire. 52mm.

249 1169 OUR PRICE **£23.95**

25 VOLTMETER

Indicates voltage of car electrical system on a scale of 3-17 volts with red colour zones to indicate excessively high or low voltage.

For vehicles with 12 volt systems with either dynamo or alternator charging. 52mm.

249 1165 OUR PRICE **£13.95**

26 WATER TEMPERATURE GAUGE

Complete with approximately 1.52 metres (5ft) of capillary tubing and 3/8"-18 UNF connector. Universal polarity. 52mm.

249 1167 OUR PRICE **£13.95**

27 ELECTRIC WATER TEMPERATURE GAUGE

Complete with engine transmitter to sense temperature and relay reading.

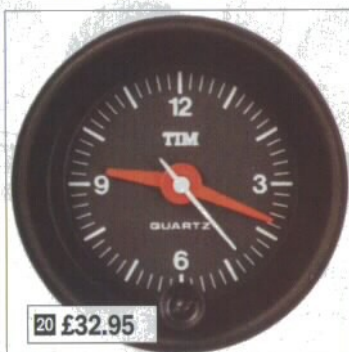

Transmitter thread size of 1/8"-27 NPTF is compatible with many vehicles including Ford, and alternative adaptors are included. 52mm.

249 1170 OUR PRICE **£18.95**

28 AMMETER (60 AMP)

This 60-0-60 amp scale instrument is generally suitable for vehicles with alternator charging. Operates on 6 or 12 volt systems. 52mm.

3 EASIRIDER DRAPE CAR SEAT COVER

- Full natural Sheepskin.
- Unrivalled comfort - cool in Summer, warm in Winter.
- Gentle to clothing and upholstery.
- Elasticated brace for easy, universal fit.
- Available in Natural, Grey or Black.
- Washable - can also be dry cleaned.

236 2704 OUR PRICE £49.95

5 AVUS SUPER STEERING WHEEL COVER

The decisive advantage and indeed the secret of the AVUS steering wheel cover lies in the material used to manufacture it: porotherm®. This material out-distances all others in terms of comfort and hygiene. The AVUS® porotherm cover air-conditions the steering wheel, thus offering protection at all temperatures, which is particularly welcome in the hot summer time as well as in the cold winter season. Fits all steering wheels up to 420mm diameter. Available in black only.

231 2548 OUR PRICE £6.95

6 DE LUXE FIRST AID KIT

A new approach to 'in car' first aid kits, the novel triangular shape reflects the international image of road traffic signs. A practical range of first aid items packed in a nylon zippered bag which has several advantages: it is easy to stow away, it is dust proof and water resistant, and will not rattle. An internal plastic fitment keeps the contents secure and will also hold warm water for bathing wounds.

6 £13.95

3 £49.95

4 KITTEN CLAWS

- Stops mats and rugs slipping on carpet surfaces.
- Ideal for car and home use.
- Contents - 4 kitten claws (enough for two car mats or one fair-sized-rug).

(Pack of 4)

226 2706 OUR PRICE £6.50

4 £6.50

5 £6.95

There is also room to add personal requirements such as travel sickness pills, aspirin etc. All the dressings are British made and sterilized.

COBRA F.I.A. Approved Competition Seats

1 SPORTLINE F.I.A. RACING SEAT

The safest race seat ever developed. Supplied complete with high tensile aluminium sidemounts and finished in Black/Grey, Black/Red or Black/Blue. Weight 7 kgs.

234 4531

OUR PRICE £468.80

Sidemounts included in price.

(Tailored or Universal Baseframes cannot be used with this seat.)

2 SEBRING F.I.A. RACING SEAT

The Sebring is Cobra's latest competition seat available in Kevlar or Kevlar/Carbon Fibre composite. Each is immensely strong and very lightweight (just 4.5 kg). It is available with both side and base mounts strengthened through an integral frame and, of course, accepts a full 5 point race harness. The cushion and lumbar support are adjustable and the larger grommet holes make a harness more comfortable for the driver no matter what height he is. The Sebring is available in Black with Blue/Red/ Pink/Green or Yellow panels.

Sebring Kevlar

234 2554 OUR PRICE £259.00

Sebring Carbon Fibre

234 2555 OUR PRICE £319.50

Sebring Alloy Side Mounting Frame

234 2573 OUR PRICE £61.95

(Tailored or Universal Baseframes cannot be used with this seat.)

The following data is reprinted from charts supplied for tests undertaken by the Cranfield Impact Centre to the Cobra Sportline Diolen Seat. All conditions were met under the Competition Seats Regulations F.I.A. Std. 8855-1992.

COBRA SEATS

1 DAYTONA SPORTS

The Cobra Daytona Sports seat owes its classic lines more to stress engineering and ergonomics than any stylist's whim, and in the process has evolved into possibly the most aesthetically pleasing seat Cobra has yet produced.

The Cobra Daytona Sport has been designed to be the first truly multi-purpose road, race and rally seat available. Its graceful curves offer proper ergonomic location and full lateral support for the rigours of competition. Guides are even provided for a full competition harness, however, the sqab sides have been designed to allow easy entry and exit on everyday shopping trips.

This combination also makes the Daytona a natural choice for luxury 4 wheel drive vehicles where off-road comfort is as important as everyday practicality.

The secret lies deep inside. An all steel backrest with side bolsters and integral headrest,

and an all-in-one Pirelli suspension pan are generously covered in high density polyurethane foam for comfort and safety.

Available in original equipment quality cloth in plain grey (Raven), plain black (Blackrock) or Blackrock/Harlequin Black (as shown), or Blackrock/Alpha (see page 107).

233 2570 OUR PRICE £193.00
Daytona Black nylon.

**THE ORIGINAL BRITISH
HANDCRAFTED STEERING WHEEL**

Since the 1950s MOTO-LITA have been designing and hand building custom steering wheels

A. C. Cars, Aston-Martin, Cooper Car Co., Caterham, Chevron, Excaliber, Jensen, Lister, Lola, MG Car Co., Opel, Panther, Rolls-Royce, Rover, Saab, Shelby Mustang, Triumph, TVR, Vauxhall are just a few of the companies who have chosen MOTO-LITA steering wheels for their handmade quality, enhanced driving comfort, and functional good looks.

MOTO-LITA steering wheels are designed and handbuilt in England by British craftsmen.

Hub kits are available for most makes of cars.

3 ALPINE 7514LS

Radio/Cassette Player with CD Changer Controls. 25W x 4.

- ETR/PLL synthesizer FM/MW/LW "MAX TUNE" tuner
- Multipath™ Hunter circuitry
- 30-preset stations (12 FM, 6 MW, 6 LW, 6 DAP)
- DAP (FM/MW/LW direct access preset)
- Preset address (with LCD)
- Auto memory
- Local/DX selection
- Up/down seek.
- Cassette deck:** • Full-logic GR-H mechanism
- SCC head
- Dolby B NR
- Programmable music sensor
- Repeat
- Blank skip
- CD shuttle control:** • Mix (random play)
- Music sensor
- Repeat
- Direct disc selection.
- General:** • 25W x 4 high power amp.
- QAC (quick access control)
- Anti-theft detachable front panel
- Rear pre-out
- Source tone memory
- Bass & treble controls
- Fader & balance controls
- Electronic volume control
- Loudness
- Direct source access
- Clock.

5 CASABLANCA RADIO CASSETTE/MULTIPLAY CD PLAYER (10 DISC)

Key Features: Codem III reception concept, FM, MW, LW, scan, preset station naming, auto reverse, CPS, Dolby B*, disc management system, 2x26 + 2x7W (max. power), Preamp out, Aux-in, Directo software control, Dot matrix display, KeyCard.

- Slide in CD magazine to store up to 10 discs
- 16 bit D/A changer with 4 times over sampling
- Brief play of CD tracks
- Cueing forwards/backwards of selected discs
- Mounting either in a horizontal or vertical position
- 3 1/5" capability
- Dimensions (HxWxD): CD-Charger 100 x 208 x 300mm; Magazine 47 x 142 x 125mm
- Aux-in
- Telephone mute.

EMINENCE
HIGH POWER AUTO
the bass kick!

EMINENCE BASS INJECTION

BASS REINFORCEMENT TUBE SYSTEMS

Eminence High Power Auto Bass Drivers are acclaimed for their staggering sensitivity and high-power handling. Often rated as 'Best Buys', they are widely used in competition systems.

Bass Injection tubes are Eminence designed enclosures for Eminence loudspeakers. Not surprisingly, they sound special! Available in three sizes, the 327i can handle a huge 150W RMS. Tuned for around 70Hz, it delivers a mighty kick despite its compact size. The 350i uses a 10" loudspeaker to provide you with 200W RMS 12" driver.

1 from £155.00

DUAL RAM Power Systems

THE SECRET BEHIND THE
AWESOME POWER-HANDLING

The customised loudspeakers developed by Eminence for this application have TWO power inputs for connecting either two separate amplifiers (driven by a common source), or both channels of a stereo amplifier (switched to mono). It means you can 'add up' amplifier power to feed a Bass Injection, using a pair of smaller amplifiers to deliver a mighty bass kick. Either power input can be used on its own too.

YOUR POWER CONNECTIONS (power examples refer to 327i)

Mono amplifier, single amplifier channel or bridged stereo amplifier connected to either Bass Injection input

Stereo amplifier, set to Mono, connected to both Bass Injection inputs

Two mono amplifiers, driven from a common pre-amp, each connected to a Bass Injection input

Stereo amplifier bridged and connected to both Bass Injection inputs at either 8Ω or 2Ω input impedance (see below)

EMINENCE

EMINENCE HIGH POWER AUTO SPEAKERS.

Made in the U.S.A.

"There ain't no substitute for cubic inches".

In America, it's a philosophy which has created some of the most powerful cars the world has ever seen.

And it's the philosophy behind Eminence High Power Auto, the ultimate in-car bass and sub-bass loudspeakers.

Eminence of America has built high-power loudspeakers for the professional audio industry for more than thirty years. You have probably heard Eminence loudspeakers in action at live concerts, since they are the first choice of the world's top P.A. cabinet makers.

In the quest for ultimate in-car bass, there was no better starting point than the world's biggest, most powerful loudspeakers.

Eminence High Power Auto loudspeakers are based on the virtually indestructible chassis of Eminence P.A. speakers. One look at the substantial magnets and drive assemblies tells you that these are no ordinary car speakers.

The force and clarity with which Eminence High Power Auto loudspeakers reproduce sound is due to a combination of their sheer size and the fine engineering of the voice coil and drive assembly.

Their size provides the raw strength to generate high Sound Pressure Levels and withstand your amplifier's output, but it is the astonishing sensitivity and freedom of movement of the voice coil which makes the most of your amplification system.

The result is that Eminence loudspeakers actually **sound louder** than speakers boasting similar power-ratings simply because their efficiency doesn't waste your amplifier's energy – it turns it into sound. **Loud sound.**

The specially treated cone material withstands the temperature and humidity changes in auto installations,

and the distinctive blue polyurethane cone edge provides bass enhancement and isolation of the speaker's movement from vehicle vibration.

From the compact 289 to the awesome 454, these deliver a bass kick with a vengeance.

Once you've felt it, you'll know why there's no substitute. . .

The Eminence 289 and 327 offer high-power handling in a compact chassis, making them particularly versatile. Use them in footwells, door-panels or

parcel shelves as stereo pairs or in arrays for multi-speaker bass systems. A smooth frequency response extending up to midrange allows them to be used for low-mid, or combined bass and midrange in 2-way systems.

For heavyweight bass installations, take a look at the 350 and 383. A mighty power rating of 200W^{RMS} means if you've got the space, these will give you the bass! With their extended low-frequency

response, these also work well as mono sub-bass drivers, particularly the HiPer versions in a measured enclosure.

If you're searching for a bass experience beyond decibels and onto the Richter Scale, then there's no substitute for the Eminence 427 and 454! Measuring 15" and 18" in diameter, with power handling of 300W^{RMS} and 400W^{RMS} respectively, *nothing* delivers fundamental sub-bass like these.

IMPORTANT

The power ratings of Eminence speakers are quoted in Watts RMS, the professional measurement of power handling. This should not be confused with the terms "Music Power" (typically 2 x RMS rating) and "Peak Music Power" (up to four or more times the RMS rating) i.e. the 454 has a "Music Power" rating of 800W, "Peak Music Power" 1600W!!

HIPER PROFESSIONAL RANGE

THE COMPETITIVE EDGE

HiPer is an alternative specification for professional system designers. Each HiPer loudspeaker is performance optimised for use in sealed, measured enclosures for precise control of bass-response in esoteric competition systems.

2 AUTO ACOUSTICS SUB WOOFER ENCLOSURE

Manufactured to exacting specifications, this measured enclosure gives precise control of bass-response.

It is designed to take on Eminence 350 HiPer Speaker (not included) and comes 'flat-pack' ready for assembly. All you require is a screwdriver to complete the job.

Full instructions supplied. Easily covered with carpet if required (not included).

Diameters: 15"H x 15"D x 18"W.

State of the art compass. Easily plugs into car cigar lighter or hard-wire if required. Night illumination.
200 6132 OUR PRICE **£49.95**

12 ZERO BLACK ICE EARLY WARNING SYSTEM

Black ice or freezing road conditions claim many lives every year and can also cost motorists a lot of money in accident repair bills.

ZERO ICE DETECTOR is an advanced warning device that translates air temperature to a simple display on the dashboard to warn the driver of deteriorating road conditions. At a time when in-car heating and comfort have

become so effective it is difficult for the driver cocooned inside to detect whether the outside temperature is just above or just below freezing. These critical few degrees can make all the difference between an innocuous patch of moisture on the road or a deadly stretch of black ice.

ZERO comes complete with easy to follow fitting instructions and is simply installed in any type of vehicle.

1 ACOUSTIC SUPER SHELF

Sound quality is easily improved by installing a better radio cassette or disc player. The best gains will be achieved by fitting a separate amplifier and larger speaker system, but where do you put these larger speakers? The ideal place in a car is the rear shelf, but the original rear shelf is flimsy and vibrates as soon as the volume is turned up. Your music is out of control – especially the bass. What is the answer? Fit an Acoustic Super Shelf.

- The shelves are made from very high quality 18mm medium density fibreboard, and come complete with

acoustically transparent fabric (available in 16 colours), new shelf hangers and hinge pins.

- All Acoustic Rear Shelves are manufactured to the highest standard and custom made to fit each individual car. They are designed for mounting heavy duty speakers and amplifier systems into hatchback or saloon cars without the usual frustrating vibration problems.
- All shelves are supplied uncovered and without any holes cut for speakers, purely so that you may fit the speaker of your choice and cover the shelf accordingly.

- OUT-OF-SIGHT! One of the major design aspects of the Acoustic Shelf is that you can still enjoy the dynamic sounds of your speakers even when your speakers are under the shelf, out of sight of prying eyes – thanks to the acoustically transparent cover.
- Any speaker can be fitted to the Acoustic Shelf in any way you like. The Acoustic Super Shelf doesn't only look smart it greatly improves the bass

response of any speaker fitted, due to the sheer density of the fibreboard, resulting in 'concert hall' performance.

- Colours of acoustic fabric supplied with shelves: Black, Ford Grey, Deep Blue, Tan, Rover Grey, Sky Blue, Mid Blue, Deep Red, Burgundy, Mercedes Beige, Sandstone Beige, Dark Brown, Light Grey, Pure White and Peugeot Red.

CRUISE CONTROL WHY BUY A CRUISE CONTROL?

Cruise controls have long been popular in the United States and understandably so. Long distances, open roads and speed restrictions make cruise controls almost a necessity. But gradually, European drivers are coming to recognise that a cruise control can also be meaningful over shorter distances and in heavier traffic conditions.

They have discovered that not only does a cruise control prevent accidental speeding but also reduces fuel costs by up to 15%.

HOW DOES A CRUISE CONTROL WORK?

The 'heart' of the system is a micro-processor that memorises any speed chosen by the driver and, by regulating the throttle actuator, enables the vehicle to be maintained at that constant speed.

This means that once a speed has been programmed by touching the SET button, your foot can be taken away from the accelerator pedal. Whether up hill or down dale, the cruise control will adjust the movement of the throttle and hold the vehicle to the desired speed.

For safety reasons, a cruise control does not operate at low speeds (normally not under 25mph). It can be switched on or off at will and is immediately and automatically disconnected by pressing the brake pedal or, on manual vehicles, by changing gear. Touching the resume button will cause the vehicle to accelerate until it has reached the last set speed.

Cruise controls eliminate abrupt throttle movement and consequently reduce fuel consumption.

Autocruise Cruise Controls are simply installed on most 12V vehicles and come complete with fitting instructions and all necessary hardware for the DIY enthusiast.

1 AUTOCRUISE CRUISE CONTROL - PROFESSIONAL

All parts supplied for complete installation.

- Labelled and colour coded wires.
- Easy to follow installation instructions.
- LED 'engaged' light.
- Utilizes ignition coil or speedometer output to sense speed.
- Brake switch connection disengages cruise with a tap of the brake.

1 £275.00

Four Door Kit Complete
210 2745 OUR PRICE £99.95

which is why no concessions have been made as far as quality is concerned.
RELAYS Both models have 3x330 Amp. heavy duty relays for the Immobiliser circuits which are used in a fail-safe configuration.
METAL HOUSING Both models have a tamper-proof metal housing. Not only will this module withstand an attack test much better than a plastic housing, but it will also have much better EMC noise immunity.
CODE-HOPPING Both models use a sophisticated form of "CODE HOPPING" (based on random encryption technology) for the coding of the command signals, therefore providing guaranteed security against "CODE GRABBING" and "SCANNING".

1 VS-500

A three circuit heavy duty electronic immobiliser and keyless entry system which is operated by a "Code Hopping" radio remote control key fob. The VS-500 incorporates many convenience features such as remote window closing or boot release and interior light control.

Lite-On Automotive designs and manufactures Vehicle Security Products, for companies such as Mitsubishi, Nissan and GM, and Complete Kits for numerous aftermarket customers throughout the world.

Over the past few years the number of car thefts has increased enormously. In an attempt to halt this increase Insurance Companies and Statutory Bodies are issuing numerous regulations and specifications. One common

requirement to these specifications is that a self-arming Immobiliser should be part of the Vehicle Security System.

Lite-On Automotive has developed a new range of Vehicle Security Systems that will meet the strictest of regulations. The "back bone" of this product range is a self-arming 3 circuit Immobiliser. Lite-On Automotive is of the opinion that the level of security provided is strongly dependent on the quality of the system,

1 £369.00

GAMMA AUTO ALARM SYSTEMS

Gamma Auto Alarm Systems are one of the world's leading manufacturers of car alarms. They have a reputation for producing the best car alarms at competitive prices, and are renowned for their quality, reliability and technical innovation.

Gamma Alarms offer the latest in terms of features and functions which are being updated all the time to stay ahead of even the most determined and sophisticated thieves. They are all equipped with engine immobilisers which will make it almost impossible for joyriders and professional thieves to start your vehicle and drive away with it.

Gamma Auto Alarms are suitable for all types of cars and light commercials with a wide range of standard functions to cater for every possible requirement.

The alarm you have selected will be installed by Gamma's nationwide team of qualified engineers, who will install it at your home, place of work or if a mobile engineer is not located in your area we will arrange for a convenient time for you to be being your vehicle to your local Gamma Installation Centre. This will ensure that your alarm system is installed correctly and to the highest standards.

To reinforce Gamma's reputation for quality and to show the confidence they have in their products, all Gamma

Alarm Systems come with a lifetime guarantee. They have all been tested and approved by the Department of Trade and Industry (DTI) and they conform to BS6803: Part 2.

If your car and its contents are worth protecting – fit the best – fit a Gamma Auto Alarm System.

1 GAMMA GOLD ALARM SYSTEM

Activated from keyring remote control transmitter.

The Gamma Gold Alarm System provides the ultimate protection for your vehicle and its contents. Central locking and ultrasonic exclusion facility are included as standard features, and Passive Alarm Arming is available as an optional extra. If you consider your vehicle a "desirable" target for a thief, then this system will give you peace of mind whenever you leave it unattended.

Standard features:

- Armed and disarmed by remote control
- 2 individually programmed keyring transmitters
- Flashes hazard warning lights
- Instantaneous shock wave sensing
- Boot and bonnet protection
- Detects voltage drop – switchable
- Flashing LED warning light
- Automatic alarm reset
- 118 decibel high energy siren
- Ultrasonic interior protection with Air discriminator and ultrasonic exclusion facility
- Engine immobilisation

- 2 window warning stickers
- 2 alarm override keys
- Panic – anti-aggression facility
- Full central locking facility

Gamma Gold System

Optional Extras:

Battery back-up

208 4328 £49.00 FITTED

Automatic Electric Window Closing (per pair of windows).

208 4329 £69.00 FITTED

GAMMA SILVER ALARM SYSTEM

Activated from keyring remote control transmitter.

The Gamma Silver Alarm System offers the latest security technology at competitive prices. The list of standard features show that this system protects all areas of the vehicle and offers the additional panic – anti-aggression facility for extra personal security.

Standard features:

- Armed and disarmed by remote control
- 2 individually programmed keyring transmitters
- Flashes hazard warning lights
- Instantaneous shock wave sensing
- Boot and bonnet protection
- Detects voltage drop – switchable
- Flashing LED warning light
- Automatic alarm reset
- 118 decibel high energy siren
- Interior ultrasonic protection with Air discriminator facility

- Engine immobilisation
- 2 window warning stickers
- 2 alarm override keys
- Panic – anti-aggression facility

Gamma Silver System

208 4330 £269.00 FITTED

Optional Extras:

Battery back-up

208 4328 £49.00 FITTED

2 JACKPLUG IMMOBILISER

This device immobilises up to three circuits including starter motor circuit.

When leaving your car the small red LED automatically flashes and if anyone attempts to start the car without inserting the jack plug the horn will sound when the ignition key is turned and the starter motor will not work.

To start the car with the jack plug, simply insert the plug into

the socket and remove. The LED will go out and the car can be started normally.

Features:

- Immobilises up to 3 circuits
- 19,000 code combinations
- Easy to operate – ideal for multi-user vehicles
- Arms automatically
- Anti-hotwire hooter alert
- Stylish jack-plug design
- Immobilisation unimpaired by disconnecting and reconnecting battery
- Power-loss safety feature
- Psychological deterrent – LED indication of armed mode
- System override facility
- Exceptionally low battery drain – 15mA typical
- Easy to install
- 12-month warranty

METRO PRODUCTS

STOPLOCK

1 STEERING IMMOBILIZER

STOPLOCK 2 is a highly effective and simple alternative to expensive and complicated electronic alarms. It locks onto and through the steering wheel and makes the vehicle impossible to drive away. Because it requires no specialist installation it can be transferred from vehicle to vehicle, yet the high security lock with 10,000 combinations is extremely difficult to foil.

Designed to be highly visible from outside the vehicle to deter thieves, it is quick and easy to fit, even when sitting in the driving seat. Two keys are supplied, and replacement keys are available by post.

STOPLOCK is made from hardened steel with a soft outer covering to prevent marking the vehicle's interior.

STOPLOCK 2

206 2931 OUR PRICE **£29.95**

Stoplock 3. Now available. Suitable for 4WD and Light Commercial Vehicles.

206 2932 OUR PRICE **£34.95**

2 STOPLOCK AIRBAG

Now available. Stoplock Airbag fits most cars and 4-Wheel Drive vehicles fitted with full sized airbags.

206 4470 OUR PRICE **£34.95**

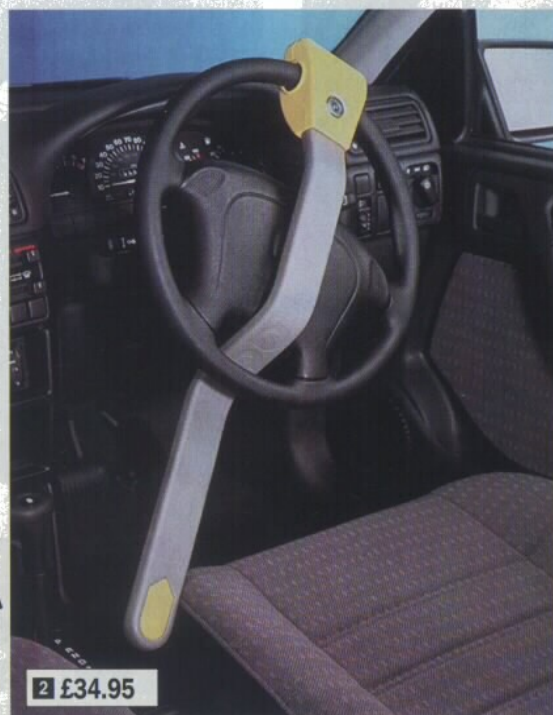

3 STOPLOCK COMPACT

This new, highly visible steering wheel lock is particularly strong with over 5,000 combinations. It is universal and therefore can be transferred from car to car if necessary.

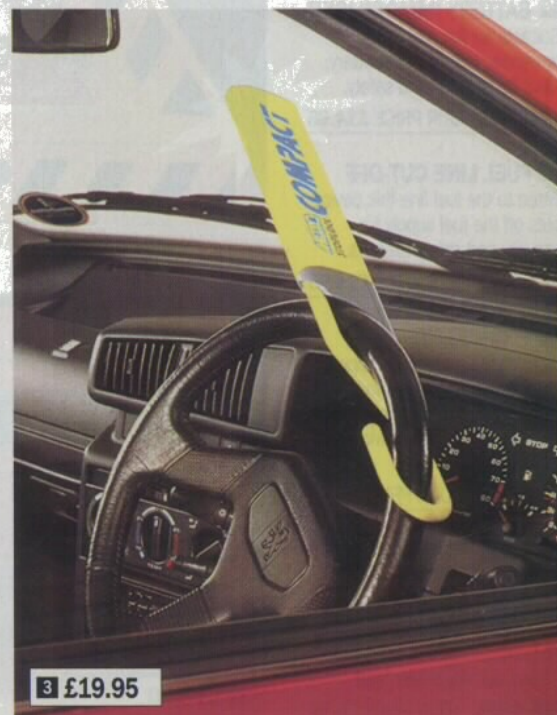

206 4471 OUR PRICE **£19.95**

1 from **£29.95**

2 **£34.95**

- Kit supplied with two keys and free window stickers
- High visibility means maximum deterrent
- Quickly and easily fitted - full instructions included
- Fits most Din-E (Euro Fitting) style audio units
- Suitable for a wide range of cars

221 2796 OUR PRICE £19.95

2 £19.95

3 £19.95

3 RADIO CASSETTE LOCK

Radio-Cassette Lock is highly visible from outside the car, making it a simple, but extremely effective deterrent to theft and vandalism. When the thief sees, from outside the car, that the cassette player is physically protected he will invariably move on to an easier target. This not only saves the unit but also the damage to the car itself.

This new lock can be fitted and removed in seconds to all front loading players, and its unique design is a double deterrent to thieves.

Firstly, it locks into the cassette slot and cannot be removed without ruining the player, making it useless to a thief. The non-pick tumbler lock has 2,500 combinations.

Secondly, the lock is attached to the steering wheel by an incredibly strong braided steel cable, making it ideal for use with removeable as well as fixed radio-cassette players. The cable is plastic coated and tough enough to resist bolt cutters, files and saws.

Radio-Cassette Lock will not damage even the most sophisticated players and requires a simple, once only adjustment to suit all types of players.

221 2869 OUR PRICE £19.95

4 £9.95

1 CARFLOW LONGARM

LongArm is the latest tough vehicle anti-theft device from Carflow, the manufacturers of the successful StrongArm. It easily locks onto the steering wheel and prevents the wheel from turning.

The tamper and pick-proof lock has over 25,000 combinations and is manufactured to the

highest standards by Abus (one of Europe's leading lock manufacturers). The lock itself is drill proof and the LongArm is case hardened and saw proof. This highly visible deterrent, fits in seconds and is suitable for all makes of cars.

Guaranteed for life.

206 2937 OUR PRICE £49.95

2 STRONGARM

StrongArm is a tough vehicle anti-theft device designed to put our minds at rest. It hooks around the foot pedal and locks on to the steering wheel.

Strength is StrongArm's main benefit, distinguishing it from other vehicle theft deterrents.

Constructed of solid steel and with its component parts fully

welded, StrongArm weighs a hefty 2.2kg (4.9lbs) making it tough to bend, break, saw, or kick out of place.

Lock integrity is StrongArm's other major feature. The StrongArm lock is amongst the most difficult to pick with over 3000 genuine key configurations. There is no skeleton or master key available - even from the manufacturers! So as long as you have your key safe, you have your car safe.

It is hinged in the middle so that it can be stored away discreetly.

'What Car?' verdict 'Simple, cheap and above all very efficient'.

206 2938 OUR PRICE £24.95

3 VAULT X

UNIVERSAL CAR SAFE

With more and more vehicle break-ins every year the VAULT X universal car safe is a must for anyone who wishes to protect

property and valuables left in their vehicle.

Manufactured from a heavy gauge steel the VAULT X universal car safe offers ideal protection for removable radio cassette players, compact discs, car phone, cassettes, cash, credit-cards, documents, etc.

The VAULT X universal car safe is supplied with full fitting kit and instructions and is simple to fit. (Drilling is required).

1 SRD 2000 THE WORLD'S SMALLEST 3 BAND DETECTOR

Designed for the professional motorist, the dash or visor mount micro sized SRD 2000 provides the user with exceptional detection range over the three frequencies, X, K and Ka. The use of exclusive and patented Fundamental Mixer Technology (FMT) ensures that the range on K and Ka bands is equivalent to that of X band, a significant advantage over all other detectors which utilise simple second and third harmonics to detect these two frequencies. The latest surface mount production techniques have produced the world's smallest detector in conjunction with many advanced features at a realistic price level. The SRD 2000 takes 3 band detectors to a new level of sophistication.

- Fundamental Mixer Technology (FMT) dramatically increases radar warning range on both K and Ka bands.
- Radar Signal Verification (RSV). An advanced signal processing technique that automatically eliminates I.F., the most common source of false signals.
- Computerized Digital Signal Processing (DSP) enhances sensitivity and selectivity.
- Separate X, K and Ka audio alert.
- Intense 3 second Instant On/Pulsed Radar alert.
- City/Highway Button to reduce unwanted X band alerts WITHOUT reducing sensitivity and range.
- Audio Mute Button provides continuous or automatic muting of audio alerts.
- K/Ka Band Priority Override selects the more important K or Ka alert should a simultaneous X band signal be received.
- LED Signal Strength Meter provides both visual confirmation and relative distance of signal detection.
- Size: 3.45" L x 2.25" W x 0.8" H. Weight: 4 ounces.
- Guaranteed for 3 years.

252 4460 OUR PRICE £199.50

2 £299.50

2 SRD 5000 CORDLESS BATTERY POWERED 3 BAND DETECTOR

Complete Freedom

Snooper Electronics combines an Advanced Battery Powered Design with revolutionary and patented three band technology to make the SRD 5000 Cordless unequalled in both convenience and performance. Battery power means complete portability – the SRD 5000 Cordless can be mounted almost anywhere. And one 9 volt battery provides several months of high performance radar detection.

The FMT® Advantage

SRD 5000 Cordless also incorporates Fundamental Mixer Technology (FMT®) for unequalled sensitivity. This dual patented design breakthrough dramatically increases the range of Ka band. All other three band radar detectors use the fundamental mixer response to detect X band radar and a simple harmonic of the mixer to detect K and Ka band. This reduces the range on the all important Ka band to as little as 400 feet or less! FMT® increases that range to over a third of a mile – an industry leading figure. It's like having three high performance radar detectors in one.

'Super' Wideband Ka

Ka band on 34.3 GHz has been used extensively in Europe with Photographic Radar for a number of years but its use has recently been extended with the Stalker Gun. This latest radar can now operate on any frequency between 33.4 GHz and 36.0 GHz it would be 'invisible' to normal 3 band detectors. However, Super Wideband ensures the user is always protected by sweeping the entire Ka band six times a second. Combining with FMT® – it provides unrivalled performance for detecting all types of radar.

- Separate Audio/Visual Alerts.
- Instant On/Pulsed Radar Warning.
- Memory Retention of all the user settings.
- Dim or Cancel illumination.
- External jack for optional earphone or power cord.
- RSV® eliminates IF interference.
- Three types of audio mode.
- City Mode – Minimises false X band alerts WITHOUT reducing sensitivity.
- Auto Shut Off – to optimise battery life.
- K, Ka Band priority override.
- Digital Signal Processing.

252 4463 OUR PRICE £299.50

3 £299.50

3 SRD 3030i RADAR/LASER DETECTOR

Snooper SRD 3030i provides X, K, Super Wideband Ka Radar and Laser detection – in one uniquely designed detector.

SRD 3030i incorporates No.1 rated Laser and FMT® technologies for full protection from Photo Radar, Stalker, the new MPH BEE 36A gun and all Laser devices whilst remaining undetectable itself.

- Separate X/K/Super Wideband Ka and Laser audio alerts.
- Separate Radar and Laser visual alerts.
- Instant-On/Pulsed Radar Warning.
- Memory Retention for preferred settings.
- P/V (Power/Volume Button).
- AUD (Audio Mute Button): Replaces pre-programmed continuous audio alert with an auto-mute pattern for extended Radar encounters.
- CTY (City/Highway Button): Minimises unwanted X band audio alerts, typically encountered in urban or commercial areas, without reducing sensitivity.
- Radar Signal Strength and Laser Meter. Provides visual confirmation of Radar range and confirms the presence of Laser signals.
- Weight 7.0 ounces.
- Dimensions: 4.19" L x 2.75" W x 1.00" H

252 4465 OUR PRICE £299.50

4 £379.50

4 SRD 6060i RADAR/LASER DETECTOR

Snooper SRD 6060i is the absolute pinnacle of Radar and Laser Detection Technology. Each unit is hand built from carefully selected components in order to provide the optimum range on all types of Radar and Laser devices.

SRD 6060i easily outperforms all mass produced detectors on the market including Snooper's own class leading models. Stringent quality control and the unique design translate into performance that is at the very edge of the technological envelope.

Snooper SRD 6060i is the most expensive detector ever manufactured but if you need the protection and peace of mind its sophistication brings then look no further.

- Separate X/K/Ka audio/visual alerts.
- Laser audio/visual alert: A flashing (L).
- Instant-On/Pulsed Radar Warning.
- Memory Retention for preferred settings.
- PWR/VOL (Power/Volume Button).
- DRK (Dark Button): Dims or cancels illuminated displays.
- AUD (Audio Mute Button): Replaces pre-programmed continuous audio alert with an auto-mute pattern for extended Radar encounters.
- CTY (City/Highway Button): Minimises unwanted X band alerts, typically encountered in urban or commercial areas.
- High Intensity Digital Display: Communicates all mode selections, radar signal strength (1-9) and confirms the detection of Laser (L).
- Weight 7.0 ounces.
- Dimensions: 4.70" L x 3.06" W x 1.03" H

KC DAYLIGHTERS

Incredible power. Incredible value. The KC Daylighter range offers lamps of unparalleled power. This 150 watt light generates a massive 350,000 candlepower with a useful reflective range approaching 4 miles. KC's are supplied with the traditional housing and patented vibration resistant mounting using Westinghouse optical units.

Because KC lamps were designed to use in competition they are ideal for high speed night driving anywhere. With an overall diameter of 6.25ins, and a depth of 5ins, the lamps are compact, which allows them to be mounted on most vehicles. Daylighters come complete with yellow covers which are also available separately. 150W lamps are completely legal for use on public roads but, as with any auxiliary lights, they must be wired and mounted in accordance with the law.

SAT ADDITIVES

ENHANCED POWER AND PERFORMANCE

What makes additives so important today?

Not only are car engines becoming more and more sophisticated - today's car drivers are demanding improved performance, greater durability, lower fuel consumption and reduced environmental emissions.

The automobile industry has reacted to this trend by introducing "lean burn" engines and catalytic converters. However, in everyday driving practice these new technical solutions necessitate improved quality fuels and lubricants.

SAT Additives are designed to enhance and optimise fuel and lubricant performance. In view of today's difficult running conditions these additives are more important than ever before... for economical, safe and environmentally sound driving.

Each individual SAT Additive offers car drivers clear benefits in a specific field of application. All additives are manufactured in Germany and T.U.V. approved.

1 RAIN-X - THE INVISIBLE WINDSCREEN WIPER

WHAT IS RAIN-X?

Rain-X is a clear, colourless liquid that has an amazing effect on glass and plastic (acrylic and polycarbonate). Like water off a ducks back... it repels rain, frost snow and dust. It seals, polishes and conditions against sun, sand, salt and pollutants and helps prevent insects, mud and grime from sticking - making cleaning a breeze.

WHY USE RAIN-X?

Built up road grime, dust, fumes and pollutants leave a haze on windcreens - severely reducing visibility. It's a thin haze that becomes blinding when it rains or becomes glary. Rain-X provides that extra dimension to driving visibility... and when you see more clearly, you drive more safely.

IS RAIN-X ONLY FOR BAD WEATHER USE?

Rain-X has been tested on aeroplanes, cars, trucks, vans, four wheel drives, helmet visors and goggles for thousands of kilometres. The test proved Rain-X to be a truly ALL WEATHER formulation. Visibility was improved in all conditions - wet and dry. Virtually eliminates insects, highway residue, mud splatter and salt spray from all glass surfaces.

HOW DO YOU USE RAIN-X?

It's easy. You just wipe it on and... wipe it off. Use it on windcreens side and rear windows, headlights, tail lights, fog lights, helmet visors, goggles and side view mirrors.

Re-apply Rain-X about once a month, or every 2,500 miles to maintain peak performance. Don't worry about putting one application over the other, because there is no possibility of 'build-up'. You can only improve visibility with another application. You will also notice how much easier it is to clean your vehicle's glass surfaces.

273 1468 (100ml) £6.95

RAIN X ANTI FOG

For interior glass and visors.

273 1469 (200ml) £7.95

2 TRADITIONAL CAR WASH BRUSH

263 4504 OUR PRICE £1.95

CRYSTAL-GLO ACRYLIC CAR POLISH

Crystal-Glo has ultraviolet inhibitors to protect your vehicle's paint, lacquer and clear coats from fading. This polymer acrylic is applied as a liquid to new or used vehicles to simultaneously remove oxidized

paint, road film, tar, grime, tree sap, etc. The easy wipe on, wipe off formula revitalises and restores dull finishes. On black paint it leaves no swirls, streaks or marks.

11 16 ounce bottle
263 4491 OUR PRICE £9.99

12 8 ounce bottle
263 4490 OUR PRICE £5.99

13 CRYSTAL-GLO TOTAL ACRYLIC WASH

Contains the same protective acrylic formulation, in a less concentrated form, as those at work in Crystal-Glo Acrylic Car Polish. Each time you wash your vehicle, active protective agents are added to your car's finish. Crystal-Glo Wash cleans through a non harmful chemical action rather than with filmy detergents. Cleans, rejuvenates shine. Prolongs polymer protection.

16 ounce bottle
263 4492 OUR PRICE £4.99

14 CRYSTAL-GLO NON-SILICONE LEATHER & VINYL CLEANER/PROTECTANT

It is simply the longest lasting, most durable protectant available and leaves behind no greasy, oily film or unpleasant odour. Crystal-Glo Leather/Vinyl Cleaner restores lustre and gives a long lasting natural gloss. It adds suppleness and life to all your leather and vinyl goods and offers excellent UV protection.

8 ounce bottle
263 4493 OUR PRICE £4.99

SPECIALISED CAR COVERS

Throughout the world, the name of Specialised Car Covers enjoys an enviable reputation for quality and reliability. Specialised Car Covers manufacture beautifully designed, yet functional, individually hand-tailored dust proof or waterproof covers which are precision cut and tailored to fit any make of car like a second skin.

Each cover is designed with securing straps on both sides to ensure a snug professional fit.

An extensive colour range is available, together with individual specifications, such as customer's own logo and maker's marque.

With a specialised car cover your vehicle is kept in prime condition and its value is maintained.

Official suppliers to: ASTON MARTIN, SUZUKI, LAMBORGHINI, LANCIA, FERRARI, LAGONDA, HONDA, JAGUAR, ROLLS-ROYCE etc.

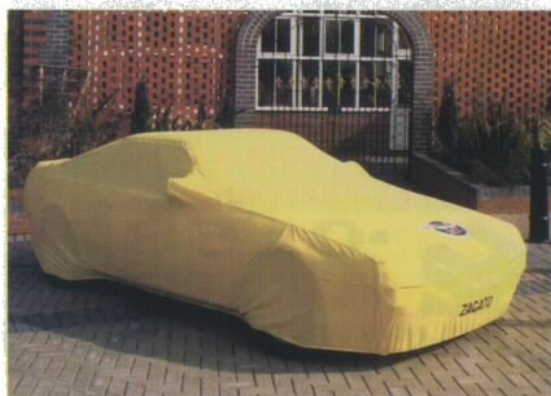

WATERPROOF COVERS

Made from 4 oz nylon, coated with Hydrolysis resistant P.U. and Scotchguard proofed. All seams are electronically welded and taped, making the cover 100% waterproof. Quick release adjustable tie-down straps are available, together with co-ordinated storage bags.

Colours available: Black, White, Red, Silver Grey, Royal Blue, Mid Green, Burgundy, British Racing Green.

262 1072 FROM £180 TO £425

Note: Logos not available on waterproof covers.

DUST COVERS

Made from 100% sateen cotton, this product is washable, silicone finished, vat and azoic dyed. The fabric is breathable, tightly woven to repel dust, and is non-scratching. Co-ordinated storage bags available.

Colours available: Black, White, Red, Gold, Silver Grey, Yellow, Mid Green, Brown, Mid Blue, Pale Blue, Burgundy, British Racing Green.

262 1073 FROM £150 TO £395

Please contact for exact price for your car. Covers available for motorcycles and helicopters. Please call for details.

ROOF-BOXES

KAMEI-BOXES can be used for transporting weights of up to 110lbs, or 50kg. Since they can be used throughout the year in rain, wind and snow, the KAMEI BOXES are an ideal addition to the limited space of a boot.

The aerodynamic style, tested in the wind tunnel, and the highly impact-proof lightweight DUROKAM® material developed by KAMEI ensure that no additional driving noises or appreciable extra fuel

consumption are caused.

Two gas-pressure lifting devices, keep the lid wide open until everything is stored away and secured from movement by the use of fastening belts. The two safety locks are fitted with protective covers to keep them free of dirt and prevent them from freezing.

1 TRAVELLER

HOW TO ORDER

We want to make sure that you are completely satisfied with everything you order from our catalogue and with every aspect of our service. We constantly encourage our suppliers to improve the quality and update the specification of their products, so when you sometimes find minor variations from the catalogue description you can be sure they're changes for the better. Please help us to help you by quoting the exact size and colour required wherever a choice is offered. You can be assured that we always do our utmost to hold our prices for the life of the catalogue. Unfortunately, due to circumstances beyond our control, such as VAT, inflation or currency fluctuations, prices do sometimes have to be changed. We must therefore reserve the right to alter prices at any time.

Q A HOW CAN I ORDER?

It's very easy, you can order by 'phone, post, fax or visit one of our shops (see pages 2 and 3).

Q A WHAT DO I NEED TO MAKE A 'PHONE ORDER?

For all items, dial 01582 471700. We just need details of your order and credit card number including expiry date and issue number.

Q A WHEN CAN I ORDER?

24 hours a day.

We are open Monday to Friday, 9am to 6pm and Saturday 9am to 5.30pm. Outside these hours please leave details on our answerphone.

Q A HOW DO I ORDER BY FAX?

Simple!

Fax your completed order form to us on **01582 608771** or International **+44 1582 608771**.

Q A HOW DO I ORDER BY POST?

Simply complete the order form using bold, block capitals, then send it (using our FREEPOST address shown below) with your cheque, postal/money order or bank draft – made payable to Carnoisneur.

Please allow 7 working days before despatch of orders when paying by cheque (subject to availability of goods.) However, if you have a valid cheque card we can give you immediate clearance on personal or business cheques up to **£500**.

Please ensure your name and address, including post code and card number are clearly printed on the reverse of your cheque.

When payment is made by postal/money order or bank draft most goods are despatched within 48 hours subject to availability of stock. Credit card orders are despatched within 48 hours subject to card authorisation and stock availability.

NOTE: Please send your order using our FREEPOST address (no stamp required).
CARNOISNEUR, FREEPOST LOL 1935, Dunstable, Bedfordshire LU6 3YY.

Q A WHAT ABOUT VAT?

Our prices INCLUDE VAT @ 17½%.

If the rate of VAT changes, obviously our prices will change accordingly. Please remember our prices include VAT when comparing prices.

If you are an overseas customer and outside the E.E.C., please see details for 'Overseas Customers'.

Q A CAN I ORGANISE CREDIT?

As a registered credit broker, Carnoisneur are able to arrange credit on any product we sell, subject to a minimum of £100. Written quotation available on request.

Only available through Carnoisneur Shops

Q A IF I PAY BY CREDIT CARD, WHEN WILL MY CARD BE CHARGED?

Your card will be charged when the goods are due to be despatched. However, before we order certain tailored products, e.g. mats and car covers, we will charge and authorise your card upon receipt of your order.

Q A HOW LONG WILL DELIVERY TAKE?

Most goods are despatched within 48 hours of receiving your order, subject to availability, therefore, if they are sent by POST, please allow up to 10 working days in total or, if sent by CARRIER, 4 working days.

Tailored items, such as fitted car mats, car covers and certain embroidered clothing, are individually manufactured and take up to 28 days from receiving your order.

If you are ordering by telephone an estimated delivery date will be quoted.

Q A WHAT IF I HAVE A PROBLEM WITH MY ORDER?

Don't worry, if the goods sent to you are not acceptable for whatever reason, return the order within 14 days in a resaleable condition, carriage paid, and a refund will be issued.*

*Providing the goods returned have not been specially ordered or manufactured to meet your specific requirements.

This does not affect your statutory rights.

Q A HOW DO I RECEIVE MY ORDER & WHAT ARE THE DELIVERY CHARGES?

Any order under £50 can be sent by either Parcel Post - £3.50 per order; or Carrier - £8.50 per order.

All orders over £50 are sent by Carrier - £8.50 per order.

These charges include VAT at 17½%.

We use a range of freight companies, to give you the best service. If you live in Northern Ireland, Scottish Highlands and Islands, Isle of Man or Channel Islands, please ring us for a quote.

Overseas customers will be quoted carriage charges on an individual basis.

Q A WHAT IF YOU ARE OUT OF STOCK OF AN ITEM I HAVE ORDERED?

We endeavour to hold good stocks of most listed items. If for some reason we are unable to supply a particular item with your order we may:

- wait for a delivery from our suppliers, if this is imminent, or
- If long delays are expected, cancel this part of your order and either refund you or not charge your credit card, depending on your original method of payment.

Q A WHAT IF I AM NOT HAPPY WITH ANY ASPECT OF YOUR SERVICE?

If any aspect of our service has not met with your approval, we are anxious to know about it. Write to Philip Hammond, Managing Director, and your letter will receive prompt, personal attention.

OVERSEAS CUSTOMERS

I AM AN OVERSEAS CUSTOMER, DO I PAY UK SALES TAX (VAT)?

If you are outside the European Community you are exempt from UK current VAT rate. Customers from E.C. member states are charged UK VAT unless you have a business registered for VAT and are able to provide your country code and VAT number (proof of identification will be necessary).

E.C. countries are: Belgium, France, Holland, Spain, Italy, Germany, Portugal, Greece, Denmark, Eire and Luxembourg.

VAT FREE FOR: B.F.P.O. customers, providing a certificate of entitlement for VAT zero rated purchases, authorised by your C.O., is supplied.

We operate a complete export service to overseas customers, catering for all sizes of order. Due to varying sizes and weights of parcels, carriage costs can only be quoted once the contents are known.

Both air and surface mail services are available, as well as air freight for larger consignments or urgent orders. We use a number of airfreight agents allowing us to obtain the most competitive rates available. However, if you have a personal preference, we will gladly quote their rates.

PAYMENT DETAILS For customers paying by bank transfer, our account details are as follows:

Midland Bank, Dunstable, England. Sort Code 40-19-30. Account No. 81302361.

Tel: +44 1582 471700. Fax: +44 1582 608771.
